

FLOUR SACKS

We carry the traditional flour sack towels, which are bleached, washed twice and ironed. We also offer a deluxe flour sack which is hemmed on all four sides, and has an exceptionally nice weave. Flour sacks are super soft and completely lint free. They absorb like paper towel and dry faster than normal kitchen towels. They are available in many sizes.

DUNDEE TOWELS

We carry Dundee's Concierge, Marquis and Wamsutta towels that are found in the finest hotels and resorts. They are so soft, absorbent and durable, you will never want to use anything else! They are sold in family packs (2 each, bath, hand and wash cloth) or as singles, in white or beige. (Wamsutta is currently only available in white.)

FOSSFILL PILLOWS

Our Fossfill pillows are comfy and hypoallergenic inside and out. The Fossguard treatment protects against dust mites, bacteria, mold and mildew. They are fully washable hospitality pillows with a three year fluff able warranty.

OTHER ITEMS

We have a host of other products. Check out our website for micro fiber cleaning towels, bathrobes and slippers, commercial grade aprons, baby bibs, pillow protectors with zip enclosures and many more.
